Chad Murray, Treasurer, met with the board to give an update on his department. They had a very successful tax sale and are working on year end.

Dan Tilkes, Sanitarian & Weed Commissioner, met with the board to give an update on his department. The ditches along main county black tops are looking good where weeds are concerned. He will start focus on secondary roads in the Eastern portion of the county now.

State Senator, Amanda Ragan, met with the board to discuss priorities of the Board for the next legislative session.

Lee Galentine, Drainage Engineer, met with the board regarding several drainage work orders, including districts DD79, Div 2; DD59, Lat 2; DD27; DD30, Lat 10; and DD30, Lat 38. More details may be obtained from the drainage clerk.

Myron VanHorn, Darwin Meyer, Roger Schnabel, & Michael White representing the Franklin County Historical Society met with the board. They are asking for permission to build on County property just to the East of the fairgrounds. While the board understands they need more space, they are hesitant to approve the building there as it is needed for county secondary road functions. They will have the Engineer mark out the building footprint so they can see how it would work with the fair, when it is in session and come back to the topic in the future.
